Quong There are easy soup recipes in here. Need more variety though. 1 of 1 people found the following review helpful. Delicious soup By

Christine There is something here for everyone. I can't wait for colder weather to enjoy them all. There is a soup for every different taste. I really enjoyed the Chicken and Sweet Corn Soup. The only problem with reading the recipes is that they are written using grams and liters instead of teaspoons and cups.

A collection of Chinese soup recipes that have been passed down from generations and is still a family favourite today. A Cantonese family will always have a soup at their dining table. Simple and easy steps to complement a great meal.
