Barbara Mack : Easy, Fabulous Bread Making: A collection of quick, no-knead, homemade bread recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy, Fabulous Bread Making: A collection of quick, no-knead, homemade bread recipes:

Close your eyes and imagine the smell of fresh bread wafting under your nose. Are you smiling yet? One of life's greatest pleasures is sinking your teeth into a buttery slice of crusty bread, still warm from the oven. And yet there is, especially in the United States, almost a universal carelessness about the quality and taste of the bread that we eat on a daily basis. People eat the most appalling trash imaginable, and accept it as a matter of course. The normal bread in an American household is a pasty white bread that is more air than food, devoid of nutrients, and stuffed with chemicals so it has a longer shelf life. And it tastes bad. The recipes in this book make a homemade bread with complex flavor,

no harsh yeast taste, and they require no kneading or hard work. You can have fresh, delicious bread every day, without fuss or muss.
