A Must-Have In Any Kitchen!By Jessica N. Wong-floresMy friends have raved about the easy to follow yet delicious recipes in this cookbook for a while. I've decided to get it and try it for myself. Boy, am I glad I did! The ingredients that the author chose were easy to find in my local supermarket (save me the trouble and time to drive 1.5 hrs to Seattle) and her step-by-step instructions were also highly appreciated. My husband, my 12 and 2 years old have loved every dish that I've made so far. I can't wait to try the rest!2 of 3 people found the following review helpful.
