Publishing : Easy Vietnamese Style Cookery: Australian Women's Weekly Home Library (With measurement conversions for British and North American readers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Easy Vietnamese Style Cookery: Australian Women's Weekly Home Library (With measurement conversions for British and North American readers):

0 of 0 people found the following review helpful. Not BadBy T. RitotaNot very Vietnamese but it has some nice

recipies in it. I was hoping it would have lots on the Pho but there is only one and it is for beef and nothing else.5 of 5 people found the following review helpful. Authentically deliciousBy Helen LomaxI bought this book when my husband was working in Vietnam and said how good the food was there. So imagine how impressed I was when his response to the first thing I cooked was "tastes just like up there". That was chilli beef and noodles, and has become a staple meal in our family, along with the mild beef curry and the chicken with green beans and noodles. While the recipes sometimes seem to call for a lot of ingredients, once you have bought the basics (and some you may already have, like soy sauce and fish sauce) you probably won't have to make many one off visits to the shops for emergency supplies. The recipes make very generous serves, especially anything with rice and noodles. And I am finding that now that I live in Burma, the recipes are particularly useful for the sort of vegetables I can get cheaply and easily here as well.

Come on a journey to discover the delights of Vietnamese cuisine, with its use of fresh, healthy ingredients and delicate tastes and textures.

About the Author Founded in 1933, Australian Women's Weekly has long been enjoyed by both women and men in Australia and worldwide. At more than 70 years in print, it continues to be one of the leading women's magazines with over 3.2 million readers.
