Japan Travel Bureau : Eating in Japan (Jtb's Illustrated Book Series, Vol 3) (No. 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised Eating in Japan (Jtb's Illustrated Book Series, Vol 3) (No. 3):

0 of 0 people found the following review helpful. Detailed drawings are really a great help.By CustomerCreate visual introduction to Japanese cuisine. Detailed drawings are really a great help.0 of 0 people found the following review helpful. More food than raw fishBy JmoriGreat book on the types of Japanese food in Japan., description, kanji8 of 10 people found the following review helpful. You will love this book long time...By Vic FutureNo disrespect of course, but you will! It is a tiny pocket sized guide to eating while abroad in Japan. I have never been, but I am planning, so I

decided to bring something travel sized and packed with info. This is both. Along with explaining proper etiquette when dining in and out, it has a lot of illustrations, explanations, and variations of the many foods you will find in the varied regions of Nippon. I learned that "dancing" means the food is still alive, and that there is such a thing as horse sashimi (raw thinly sliced horse meat) both of which I want to stay away from. The book has a cleverness to it that makes for interesting, anytime light reading. I find myself recognizing Japanese words in my day to day when I shop at the Asian markets or dine at sushi bars in NYC. Knowledge is power, so keep weird stuff out of your mouth, and buy this book!
