O. H. Thompson, Maggie Mack : Eggless Recipe Book for Cakes, Cookies, Muffins Desserts before purchasing it in order to gage whether or not it would be worth my time, and all praised Eggless Recipe Book for Cakes, Cookies, Muffins Desserts:

A reproduction of the original cook book published in 1917. Though it has not received a lot of press, there has always been a vegetarian/vegan/meatless movement. For centuries, since the beginning of time, there have always been

people who have chosen to not include animals in their diet. For example a book Irsquo;ve recently discovered EGGLESS RECIPE BOOK FOR CAKES, COOKIES, MUFFINS DESSERTS was originally published in 1917. At the turn of the century, as now, there was a vegetarian movement. This precious eggless recipe book for cakes, cookies, muffins and desserts gives many baking recipes that include absolutely no eggs in the mixture. Different from many current eggless vegan recipe baking cookbooks, these old baking recipes without eggs do not include any substitutes. Eggless recipe book for cakes, cookies, muffins desserts is a beautiful glimpse into vegan and vegetarian baking in the early 20th century. Enjoy! This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
