Ella's Kitchen : Ella's Kitchen: The Big Baking Book: The Yellow One before purchasing it in order to gage whether or not it would be worth my time, and all praised Ella's Kitchen: The Big Baking Book: The Yellow One:

1 of 1 people found the following review helpful. Dearly hoping for more books from Ella's KitchenBy Radar626The whole family LOVES this book! We purchased this after getting and loving the The Cookbook: The Red One. There were so many great recipes in that one that it was a "yay!" moment when we saw there was another Ella's Kitchen cookbook. Like the Red One, the Yellow One is chock full of kid friendly, easy to make, tasty recipes. And don't think that this book is just about baked goods. It has everything from cinnamon rolls to spaghetti "cake" to quiche to oat bars. I had the kids go through the book and use post-it flags to mark recipes they found which sounded good them. When they were done, there was a sea of yellow and green flags. As for the recipes we've tried, they have all been resounding winners. Cookbooks like these are such a GREAT way to get kids involved in cooking and making healthy

eating choices. The recipes don't call for hard to find or processed ingredients. The recipes are simple, short, and use ingredients most of us already have on hand. There are pictures of finished recipes, and tidbits of trivia/information throughout. I really like the "Can I help?" bubbles included with most of the recipes which tells little helpers what they can do. Best part? There's a thank you section in the back of the book for all the kid taste testers. The Yellow One even comes with a page of stickers! I really, really hope there are more offerings from Ella's Cookbooks. 0 of 0 people found the following review helpful. Unappetizing recipes and pictures! By Shelly M My kids love to help in the kitchen and I loved the idea of a cookbook for them! But this isn't it! The recipes and pictures are both completely unappetizing! There is nothing in here that they would eat. Very disappointing! 0 of 0 people found the following review helpful. Lots of great inspirations for cooking for and with your kids By Rachel I love the recipes and tried a couple of them for my daughter. When she gets older I can imagine using it together with her. Right now she loves to look at the pictures of the kids in the book while I cook. Can definitely recommend this fun book.

Little people can get involved in the kitchen with this yummy collection of kid-friendly recipes! Roll up your sleeves and get stuck in! Kids love baking, with all its fascinating textures, smells and of course, tastes! Ella's Kitchen: The Baking Book takes kids beyond licking the bowl, with a wide range of recipes for all occasions, from lunchtime to party time! Have a wonderful time with your kids, cooking up a host of nutritious treats, and watching them learn about counting, weighing, and measuring at the same time. Above all, enjoy getting messy! Ella's Kitchen: The Baking Book is sure to become your family's go-to cookbook, with recipes designed to fit in with your life. Try the savory snack bakes to fill a gap until dinner - a healthy way to keep your child's energy up without sending her into overdrive. Take your meal outside with the delicious selection of picnic recipes - all the dishes are highly portable and perfect for sharing, and take the edge off long days out with recipes from our On-the-Go section - individual portions, and not a crumb or a sticky finger in sight! But by far the best thing about this book is the fun it promises for your family, as you discover new recipes and create fond memories for your children. You'll never forget the look on their face when they hand out slices of the first cake or bite into the first cookie they bake.

About the Author Ella's Kitchen was founded in the UK by Paul Lindley when he was deputy managing director of Nickelodeon and trying to wean his reluctant daughter Ella. The range is based on simple, natural ingredients that ooze goodness and really appeal to children. Ella's Kitchen is now one of the top ten fastest growing private companies in the UK.
