**Debbie Brown : Enchanted Cakes for Children (Merehurst Cake Decorating)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Enchanted Cakes for Children (Merehurst Cake Decorating):

3 of 3 people found the following review helpful. Lovely, charming cakesBy Jo JoI originally tried to order this book through a catalog, but they were sold out. So I found it on . Debbie Brown has a gift for making beautiful, creative cakes of all kinds, as exhibited in all of her books. The photos are lovely and there are lots of hints and tips and step by step photographs for creating the elements. The creations really do seem easier to make than you'd expect, and many of the characters are merely like little edible "clay" creations. She includes all the basic information needed to create such cakes to make it accessible to beginners, from cake construction to modeling figures, adding details and so on. The cakes have interchangeable elements and you can make as much detail or as little or you want or combine elements from several cakes to make your own creation. Using edible paints and glitter, these cakes really sparkle. Her

characters and her architecture (castles, teapot houses, sleeping beauty's bed, sunken treasure ship, etc.) are so very charming. The fruit in the fruit fairy cake looks so real! She also includes templates in the back of the book. Very helpful is the table of contents which includes the name of the cake creation, along with a picture--so at a 2 page glance, you can see the entire contents of the book without having to flip through the pages, and to compare cakes to each other. I wish I had this book in time for the mermaid and pirate birthday party I had for my daughters. These cakes are too pretty to eat, though! This book includes many fairy tale favorites (Peter Pan, Snow White, Sleeping Beauty, mermaids and sea life, Cinderella, wizards, witches, fairies, dragons, knights, an Arabian palace, enchanted castle, elves and more.) I can't wait to have an excuse to make one. 0 of 0 people found the following review helpful. amazing book!!! By diana This is an INCREDIBLE BOOK for inspiration and ideas. It is very detailed, lots of pictures and projects so incredible it is hard to pick just one to make. I do have to say that this book is more for the advanced cake decorator, because the projects are challenging, very time consuming and require some level of expertise in the area. I'm not saying it couldn't work for the beginner as well, I'm just saying that if I hadn't had some experience when I made my first project out of the book, I don't think I would've been able to pull it off. In the recipe area, I already have some amazing recipes of my own so I didn't do any of the recipes in the book, so I can't help there. Still, the book is a great purchase for anyone. 0 of 0 people found the following review helpful. this book save me for princess cake idea. By anya\_vegas One good book for easy to follow illustration photo step by step. I just a beginner for fondant and butter cream cake decorating. This book don't really teach how to paint. Mostly projects in the book are from bedtime story. I have a daughter who love princesses and whimsical creatures. This book is great.

Enter Debbie Brown's wonderful, magical world of Enchanted Cakes for Children and you will be captivated and entranced by her exquisite cake creations. This cake cookbook contains over 20 endearing characters and scenes. You will be reunited with familiar characters from favorite fairy tales, such as the Snow Queen, Sleeping Beauty and Cinderella, and meet several new characters from the world of make believe, like friendly elves and bewitching mermaids playing with sea creatures.
