2 of 2 people found the following review helpful. The perfect book for easy British Foods.!!!By Bruce M. Herbertson III sent this email to the seller. I think it fits here as well...THANK YOU! THANK YOU! THANK YOU! Oh did I forget to say THANK YOU!? I was so glad to find this book. My Grandmother has a copy of it and shared it with me whilst I was on holiday. I wanted to make a Spotted Dick and with her being British, I knew she would have the perfect cookbook. With just one recipe, I fell in love with this book. I wasn't sure I would ever be able to find it. Alas I did. I had asked my Grandmother if she would be willing to give her copy to me, but she said no. It didn't surprise me, since she uses the book all the time. I have learned to be proud of my British roots and making traditional English foods in the traditional manor has become somewhat of a passion of mine. This book will help me in my quest. Now I just need to get the other cookbooks that Norma and Gordon Latimer have published. If you happen to come across any that are in good condition. New or Used please think of me first. Thank you again!Sincerely,Bruce M. Herbertson III
