Carlo Devito : Everything Beer Book (Everything Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything Beer Book (Everything Series):

The Everything Beer Book features absolutely everything there is to know about beer, and then some. With the growth of microbrews and brew pubs, good tasting beer has made a significant mark on American popular culture. Now you can enjoy what others have been talking about: namely the best beer in town. Here is a complete beer resource that's easily accessible and authoritatively written. Insightful and entertaining, The Everything Beer Book takes a completely comprehensive look at the world's most popular beverage. It features dozens of amazing beer facts and trivia, along with serious information about how to: Pour the perfect glass of beer Choose among the best of the world's microbrews Brew your own beer Impress your friends with your expanded knowledge of their favorite beverage Explore hidden culinary skills with recipes for cooking with beer Take care of your headache with sure-fire hangover
