**Sam Calagione : Extreme Brewing: An Enthusiast's Guide to Brewing Craft Beer at Home** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Extreme Brewing: An Enthusiast's Guide to Brewing Craft Beer at Home:

0 of 0 people found the following review helpful. Thanks MR CALAGIONE By Glenn Sam really did a great job when he wrote this book. It is the most user friendly brewing tool I have in my arsenal. It has pictures, stories, references, recipes, and makes it tremendously easy to customize your extract kit into a "craft beer" that even the snobby palettes will enjoy. 0 of 0 people found the following review helpful. This would be a good book for a person who has made a few ... By Older than some I should probably rate this as 4 stars. The book has some typo errors. I find the current brewing fashion to be massive hops, high alcohol and calling your creation extreme or radical. Basically he proposes a lot of extract brewing and little all grain brewing. This would be a good book for a person who has made a few batches of homebrew. The typos include instructions to add both liquid and dry extract when the bill of materials does not

differentiate to use either dry or liquid. In another case it instructs to add two doses of priming sugar, one with late hops and then plain. Better editing would have helped. 0 of 0 people found the following review helpful. Great for beginners and those looking to experiment with "Extreme Brews" By Kid Holiday Who should read this: bull; This is a good book for people just starting out, or looking to get into homebrewing. bull; This book is also good for more experienced brewers, who want to get into more experimental brewing Sam definitely goes through a variety of ingredients that can be added to your brew, such as fruits and spices. The book is also well produced, with lots of good color photography.

Extreme Brewing is a must-have book for aspiring home brewers who are interested in making their own specialty beers at home. There is no in-depth science to absorb and all the recipes are easy to follow and malt-syrup based, with variations for partial-grain brewing. Extreme Brewing is rooted in the brewing tradition of Belgium with a unique emphasis on hybrid styles that incorporate fruit, vegetables, herbs and spices to create unique flavor combinations. Not only will you learn to make delicious beer, you will also receive guidance on presentation, including corking, bottle selection and labeling. You'll be taught the basics of brewing ingredients and processes so you'll be equipped to start with the basic knowledge you'll need. There is an overview of the many general beer styles from ales to stouts and porters. This book contains tips on how to use all your senses to become a confident beer taster. Detailed information on food pairings for beer and cheese and even chocolate and fun ideas for themed dinners will allow readers to share their creations with family and friends.

The Italian word for chutzpah is audacia, but it might as well be Sam A. Calagione. Dy 'DI Forbes The Italian word for chutzpah is audacia, but it might as well be Sam A. Calagione. Forbes From the Inside Flap "The Italian word for chutzpah is audacia, but it might as well be 'Sam A. Calagione.'"
