1 of 2 people found the following review helpful. Loved it.By Blue RainThe recipes are amazing and can not wait to try out some. I loved the way this book is done with lots of family photographs and the aground. I grew up seeing handsome Sanjay Khan and his beautiful wife in 70s, so it was really nice to know more about them thru this book. This is not just a cooking book, it makes a beautiful coffee table book as well :)4 of 4 people found the following review helpful. Someone gifted this to me and I am so glad I didnt waste my money buying itBy A. KDont even bother to buy. Someone gifted this to me and I am so glad I didnt waste my money buying it. Recipes are written haphazard, and instructions not clear. Tried a couple recipes.. lets say bland, tasteless and horrible. I honestly doubt this woman actually cooks. Saw her live show on Tv and it confirmed my suspicions. Seems to me she asked her cook for the recipes and these were written down with no trial before making a book. And oh the Fonts and color of the text

is so light and small,Its hard to read. So not worth it. Sorry Zarine
