**Madhur Jaffrey : Far Eastern Cookery** before purchasing it in order to gage whether or not it would be worth my time, and all praised Far Eastern Cookery:

An Essential ClassicBy JanetThis is the best single introduction to Asian cooking that I've ever seen. In addition to excellent recipes from a number of countries, the back of the book contains an illustrated encyclopedia of authentic ingredients. You can, as I did many years ago, take this book to an Asian grocery where people speak little or no English and none of the vegetables, fruits, and herbs are labeled, and buy everything you need to make real Thai/Cambodian/Vietnamese/Indonesian food. It's simply invaluable.
