condition and it came really fast. The Angel cookies are so great, the Chocolate Crackle cookies made with a chocolate cake mix are so delicious and stay moist and chewy, we make them every year at Christmas. Every recipe that I've made from this cookbook is a winner!11 of 11 people found the following review helpful. If I only had one cookie cookbook, this would be it!By Cindi RWhenever I'm looking for a cookie recipe, this cookbook is where I start and eventually end! Whether I'm in the mood for bar, drop, or extra special cookies, the sections are set up so I can always find a choice of recipes. I've had this book for years and haven't found a "bad" recipe yet. It's what I give to people for their first cookie cookbook, because the recipes are easy to understand and there's multiple choices, for instance, of kinds of brownies, or oatmeal cookies, or sugar cookies. Storage and shipping tips are included, but good luck keeping the cookies around long enough to do this!0 of 0 people found the following review helpful.
