Mary Berry : Fast Cakes before purchasing it in order to gage whether or not it would be worth my time, and all praised Fast Cakes:

2 of 2 people found the following review helpful. Mary Berry's Fast Cakes Uncompromising and TestedBy Laura HippMary Berry's Fast Cakes is a cookbook I bought for 10 pence at an outdoor book sale from Lady Hanham to benefit Wimborne Hospital in Dorset, England.It is indispensible for the modern woman w/ limited time but who does not want to compromise the authenticity of her ingredients in baking. They are classic English tea cake recipes that Americans would love to have for our tea parties, birthday parties, school functions, etc. You can tell that each recipe is well tested, loved, and used by the author. Each makes small batches, which have a better chance of turning out well. I double some of my favorites.

Contains more than 175 recipes for tray bakes, tea breads and scones, small cakes, large cakes, no-bake cakes, biscuits, and things that children can make. The book begins with an introduction to cake-making techniques, together with tips and guidance on preparing cake tins and using an oven.

Will appeal to anyone who loves baking but does not have time to wade through laborious techniques * IDEAL HOME * Interesting and unusual suggestions for cakes that can be created in minutes...Many are simple enough for children to make * GOOD Housekeeping *About the AuthorMary Berry was trained at the Bath College of Home

Economics and has Paris Cordon Bleu. She is a regular contributor to Woman's House and writes for Family Circle and is the author of over twenty books. She lives in Buckinghamshire.
