Can't wait to try more of the recipes included in this book, especially the Coconut Bars. Very creative recipes with ingredients you may have on hand or can easily find in a grocery store. I made the brownies already and now have a new favorite brownie recipe! I did cut down on the amount of sugar, but then I always do. Highly recommend using the 9" square pan, which all the recipes call for. I only had an 8" square pan and the brownies came out okay, but did take about 15 minutes longer to cook and were quite thick (but still delicious). 0 of 0 people found the following review helpful.
