A big chunk was taken off the top of the cover-it looked like a big bite. Also, someone had written page numbers of their favorite recipes on the inside cover. I had entered the name and address where I wanted it to be sent-twice, but it came to my house, causing me to incur mailing expenses.1 of 1 people found the following review helpful. Quick Easy RecipesBy Marissa MesaI bought this as a gift. The recipes look easy to follow. The only complaint was for more fresh ingredients.0 of 0 people found the following review helpful. Welcome to simple, fast cooking without the fuss. With the 4 Ingredient Cookbook, you can now create tasty, exciting dishes without spending hours at the store gathering a long list of ingredients-or in the kitchen following complex

recipe instructions. You can easily create most of these dishes, many which are whole meals, in less time than it takes to go for carry-out food. And, preparing a home-cooked meal-especially one that is easy for the kids to help create-is a great way to the family together and avoid the all-too-common tendency to order out.
