**From J Salmon Ltd : Favourite Sweets and Toffee Recipes (Favourite Recipes Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Favourite Sweets and Toffee Recipes (Favourite Recipes Series):

Mortensen As a British ex-pat, I have been collecting these lovely little books every time I go back home to visit, and especially when I travel to places in Britain other than my home town. Each book is a selection of traditional recipes accompanied by lovely old pictures of country life in past times. I have used recipes from these books probably more than any other cookbooks I own, as they are so easy to use and bring back memories of my grandmothers cooking. I have about 20 of these tiny books at the present time, and am still collecting them. 8 of 8 people found the following review helpful. a real GEM By Customer This is one of six of these little cook-booklets that I recently purchased. It is a treasure, full of simple to make candies that would be appreciated by anyone who likes a bit of sweet on occasion and remembers what it is like to gaze into a glass front candy case like at the Variety Store near my childhood home. All recipes are made with common ingredients, sigh... I am beyond fatigued with the ultra complicated recipes so often presented today, that require you to shop across the world to obtain what you need. No folks, this is not health food, but tiny sweet treats for just those little moments of life that we all savor.... be honest! Buy this booklet and be charmed by the illustrations and spend time creating your own special treats instead of buying giant bags of industrialized ^%\$#!... cheers recipes: Turkish Delight, Chocolate Caramels, Toffee Apples, Nut Brittle, Breechin Tablet, Bulls-eyes, Creamy Vanilla Fudge, Angus Toffee, Marshmallows, Kendall Mint Cake, Everton Toffee, Peppermint Creams, Claggum, Sherbet, Golden Toffee, Mealie Candy, Chocolate Rum Truffles, Humbugs, Edinburgh Rock, Cinder Toffee, Real Fruit Jellies, Panocha, Glasgow Toffee, Chocolate Nut Fudge, Acid Drops, Scots Tablets, Coconut Ice, Nougat, Honey Fudge, Butterscotch, Bonfire Toffee, Caramels, Barley Sugar, Lollipops 1 of 1 people found the following review helpful. Tiny little cookbook but great recipes By S. Hamilton I'd ordered the pudding cookbook in this tiny little UK souvenir series... expecting it to be "cute" but not necessarily useful. I love it... every recipe has turned out candies exactly as I had hoped. Did require ordering some specialty items like golden syrup, black treacle, glucose and demerara sugar but

while there are "substitutions" that can be made I wanted to give the recipes a fair chance...an instant read thermometer is helpful too...but I promise the recipes are lovely and you will enjoy them if UK candy items are what you're looking for.

Great British confection book with recipes for making gifts for friends, family, and co-workers!
