**Paul Jackson : Festive Folding: Decorative Origami for Parties and Celebrations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Festive Folding: Decorative Origami for Parties and Celebrations:

1 of 1 people found the following review helpful. Festive folding By David J Donahue I Agree the book is great. The angel is inventive and has adaptability possibilities and since it is designed with 8.5x 11 it's larger than some other models, a fun book to own... 1 of 1 people found the following review helpful. Great Holiday Origami Projects By Seafield I have been using this wonderful book for years for folding holiday origami. It contains a fabulous Halloween section: a very effective "Witch on a Broomstick" (I recommend one square of duo paper, black and orange), a great "Ghost," and (my favorite) a "Man-in-the-Moon" model, plus others. Very nice Christmas decorations from an angelic "Angel" to a intricate and very beautiful "Bauble." The book is worth it just for these 2 holidays. However, it contains more. A section for general party fun, a napkin fold, an outstanding flower arrangement and try the "Toot-Flute,"

definitely a winner, plus more. A section on Easter related models, from an "Easter Bunny" to a fold to keep your hard boiled egg warm. A section on gift boxes and a gift envelope. . All models are rated from 1 star "elementary" to 4 stars "fairly difficult."

A practical decorative guide to origami contains dozens of exciting projects for parties, projects, and special occasions and is accompanied by step-by-step, color instructions.
