Joyce P Westrip : Fire and Spice: Parsi Cooking before purchasing it in order to gage whether or not it would be worth my time, and all praised Fire and Spice: Parsi Cooking:

0 of 0 people found the following review helpful. An excellent book, little known in the USBy tulsd17An excellent book, little known in the US. Great complement to Nilifour King's "My Bombay Kitchen." Joyce also has a superb book on Mogal cooking. Both of her books contain surprises even for "know-it-all" Indian chefs and home cooks.0 of 0 people found the following review helpful. Five StarsBy Hoshang j. KhambattaVery well played with great

sensitivity.3 of 10 people found the following review helpful. When will this book come out? Highly anticipated.By Cast Iron ChefI originally ordered this book in JANUARY! Its publication has been delayed multiple times. I would love to see this book, since I enjoy cooking Parsi food for my wife and need all the help I can get:) Please release this book for publication so I can buy it. It may go out of date before it hits the presses! I hope to review this book again and revise this review with a '5' once I get it.

There are few books available on Parsi cuisine in English. Joyce Westrip introduces this aromatic Indian cuisine that is based upon the culinary habits of the Parsis who left Iran some 1300 years ago to settle along India's western coastline.
