It is age appropriate, and a familiar set of characters, while giving the 5 little monkeys jumping on the bed a much needed rest.0 of 0 people found the following review helpful. Five StarsBy Laura C.This will make a great birthday gift for my son who loves this series!0 of 0 people found the following review helpful. Good but doesn't rhymeBy Bailey StabenBook didn't rhyme like a lot of the monkey books do. We prefer the rhyming ones. Other than that it was perfect.

Five little monkeys wake up with the sun. Today is their mama's birthday and they are going to bake a cake. They'll have to measure the flour and mix in the right number of eggs, and get it all into the oven in time for the birthday surprise; without waking up Mama! Eileen Christelow has created an original, high-energy romp, sure to delight any child who has tried to plan a surprise.
