Thank you!9 of 9 people found the following review helpful. Beautiful flowers - Detailed instructionsBy A CustomerThis is my favorite author for gumpaste flowers by far! The flowers are very beautiful and life-like, and the instructions are detailed with step-by-step photos, unlike some other books I've seen. It would be a wonderful resource for beginners and experienced sugar artists alike. His arrangements are a bit too big for my personal taste, but are easily scaled down, and of course the cakes themselves are English style rather than American, but the focus and value is the information on the flowers themselves anyway. A must-have if you are interested in gumpaste flowers!0 of 0 people found the following review helpful. Floral Wedding Cakes SpraysBy Maria E. KayaOne of my favorite books by Alan Dunn. Good selection of flowers with clear, easy, step by step instructions. So many good designs and ideas beyond putting your flowers on a cake.

Using all kinds of flowers from orchids to cornflowers, Alan Dunn has designed a selection of gorgeous wedding cakes. In this book, he shows you how to create amazing sugar flowers, as well as how to wire flowers into magnificent sprays and bouquets.
