I had this in my Wish List and my husband purchased for Christmas so I began to read it. Finished in 5 minutes, wondered what was wrong. Well the book ended, 7 pages long. You can get everything from the Internet for free, don't waste your money1 of 1 people found the following review helpful. Fondant BasicsBy Suzanne RodriguezI agree with the others who felt cheated. The book has 10 pages of instructions and 7 pages of advertisements for this person's (L.K. Davies) other books. It also is full of misspellings and the very first picture is distorted and looks really unprofessional. This is the biggest disappointment I have ever received from . I am returning it today, however I have to pay \$3.99 to ship it back which makes me feel cheated, again.
