Mathilda Pang : Foods to Come Home to before purchasing it in order to gage whether or not it would be worth my time, and all praised Foods to Come Home to:

This cookbook is a culmination of years of cooking experience that basically sums up to one thing that is universal to all families: good, healthy foods. The recipes represent the perennial favorites from the rich and varied cuisines of the world. For the home cooks who want to recreate foods that they have tasted, whether in the countries of their origins

or in their local ethnic restaurants, this book is for them.
