Leigh Michaels : For the Love of Tea before purchasing it in order to gage whether or not it would be worth my time, and all praised For the Love of Tea:

0 of 0 people found the following review helpful. One Lump or Two?By GrandmaIt is always a sheer joy to come across a cookbook that is immaculately done and worth taking the time to read. I almost passed Leigh Michaels' For the Love of Tea right by this afternoon. I can't tell you how very glad I am that I took a second look.As the daughter of a Southern Girl, afternoon tea has always made an appearance now and then in my life, whether for a birthday party, a bridal shower, a holiday "ladies only" tea during the Christmas season or just because with all my daughters on a Sunday afternoon. Some have been most memorable - a tea party for a little girl and her friends with tiny china cups, teeny sandwiches and a cake baked in the EZ Bake Oven or that special trip to New York City to take tea at American Girl Place.Leigh brings traditional tea parties to life with history, themes, suggestions for table settings and food, recipes, and more. Grandma has never seen a book more immaculately produced, from the interactive Table of Contents near the beginning of the book to the interactive links to the appropriate recipes for each suggested menu -

and back. The pictures are beautiful and original. (Grandma SO wants that Mad Hatter teapot!) Grab this! You'll be delighted that you did! Highly recommended - 6 stars out of 5! 0 of 0 people found the following review helpful. Excellent recipes By MsHattieAm very pleased with the quality of the book and the recipes. It is wonderful to see pictures. As a southern girl, I grew up having and attending tea parties. Have even had several opportunities to take tea in London. The only negative for me was the extremely small cover on my Kindle Fire. It looks quite odd there. 0 of 1 people found the following review helpful. Everything Tea - Brilliant By ImmortalDivaI am ready to host my own Death-by-Chocolate Tea Party! The Turtles will probably not make it to the table though. I think I'll start exercising now to counter the calories. GREAT book about more Tea Party themes than I ever knew existed. And my favorite thing...simple recipes. Brilliant book about tea!

Whether it's a casual cup with a friend or an elegant afternoon affair, tea is a fun and flexible way to entertain. Award-winning author and Anglophile Leigh Michaels shares her favorite tea parties, complete with menus and recipes. Includes themed tea parties (formal reception, picnic, children's party, Mad Hatter party, Victorian party, Happy Hour, high tea) and more than 50 recipes.

About the Author Leigh Michaels is the award-winning author of 100 books, including contemporary and historical romance novels and non-fiction books on writing and local history. Her books have been translated and published in 25 languages, with sales of more than 35 million copies. This is her third book of recipes.
