Good learning book.By dianaEven though I didn't love the projects featured in the boook, I got exactly what I wanted, a book that would give me some insight on the modeling people subject. It is a great reference book for anyone interested in making incredible characters out of modeling paste. This is a good starters book, but you can take all the things you learn to the next level with some practice. Good purchase overall.2 of 2 people found the following review helpful. Have one and you have it allBy WendyGood for beginners. However, if you already have one or two of Maisie Prairie's books, you already have it all! Ideas and techniques are very similar to

her other books.

An adorable collection of birthday cakes boasting the unique but easily achievable modeling skills of internationally renowned cake designer and sugar modeler Maisie Parrish. Each charming new design is ideal for creating extra-special birthday party cakes or for adding a unique personal touch tailored to the recipient. Includes the ever-popular cupcakes and minicakes and, for the first time, amazing sugarpaste techniques for adding graphic designs to compliment cakes and characters. With simple sugarcrafting techniques, figure modeling instructions and clear step-by-step photography, designs are ideal for both beginner and intermediate sugarcrafters. With over 25 character cake toppers and expert advice on covering, storing and transporting your cake, this is the ultimate birthday cake resource.

About the Author Maisie Parrish specializes in creating cute and colorful characters for cakes. She is a tutor and demonstrator for Wilton in the US and also demonstrates for Squires Kitchen in the UK.
