1 of 1 people found the following review helpful. **Alternative Healing With Food Works!** By Dr. Rebecca Stone This book offers solutions for healing many diseases with food therapy, an ancient Chinese healing technique taught in most Asian medical schools. Soups with the correct herbs and foods like onions, garlic, and ginger can prevent colds, treat flu, improve lung function, and slow the progression of arthritis. This book is great for beginners in food therapy. Many Asian medical schools like [...] and [...] offer classes in food therapy, along with their other Chinese medicine classes. Learn more about this science. This is not a very complete book and the text book used for class included the healing and medical properties for most foods. It is a larger book and more like an encyclopedia.
