Buyer BewareBy Magpie ImaAfter reading comments here that a number of recipes had errors I decided to write to the publisher to see if they had put together an errata sheet. They just sent me a copy and it's 4 pages long. There are substantial errors in terms of baking time/temperature in *23* of these recipes. I would not try to use this book without getting yourself a copy of the errata sheet from Sasquatch Publishers (custserv@sasquatchbooks.com) or you are likely to be disappointed with your results. Frankly, I am astounded that such shabby work made it to print; hopefully the corrected recipes will produce tasty results1 of 2 people found the following review helpful.
