This book has such a wide variety of affordable, easy-to-follow recipes that you can use to trick people into thinking you actually know your way around a kitchen. Who doesn't want that for only \$1?You will be surprised at how easy it is to whip up a delicious and healthy Pad Thai, Irish Chicken Dinner or Garden Burgers on a shoestring budget. I would highly recommend this book for anyone, but I found it particularly useful as a 20-something with little culinary knowledge trying to avoid dining out all of the time.

Feel good and save money: go to the grocery store and make it yourself!0 of 0 people found the following review helpful. Love it.By CustomerHave this cookbook and bought it for my son.
