I'm going to be taking the book to all the family friendly and fun breweries we take my niece over the years to get the brewers to write special messages. We have quite a few in Central Texas that are designed as destinations for families with food and fun for everyone! I think it will be a fun 21st birthday gift and help bring home the impact of craft.2 of 2 people found the following review helpful. Great for Dads familiar with Goodnight Moon!By Erica Lynn DaleyMy husband and I have read Goodnight Moon hundreds of times to our daughter, so I thought this would be a fun gift for him. Such a cute and tasteful parody. He loved it! Would definitely recommend to fathers young and old!2 of 2 people found the following review helpful. A Work of ArtBy Spencer MorleyThis book is absolutely a work of Art and something I will cherish for years to come! I can't wait to read this to my children and have them learn the art of brewing (an important thing to be educated on.) Undoubtedly this will be a family favorite for many years to come. Love it!

It's closing time at the brewery. While the moon rises, the brewery crew—including three little otters (in charge of the water), a wort hog, and a hops wildebeest—introduce us to the brewing equipment, ingredients, and styles of beer. Join this fanciful crew as they close down for the evening and say goodnight to the brew kettle, barley and yeast, hops and mash, saison, porter, IPA, and much more. Befuddled about beer ingredients? Puzzled about the brew process? Can't remember the difference between an ale and a lager? Don't miss the brew infographics that follow the story! This humorous parody of a children's literature classic is a "pitcher book" for grown-ups. It's a

besotted bedtime story for beer lovers everywhere!
