It is very well made, beautiful pictures, nice writing, and sturdy pages. I have several French Macaron cookbooks and this one quickly became my favorite. It has detailed explanations on necessary tools, ingredients, methods, troubleshooting, and tons of helpful tips. If you are looking for your first macaron book, then this is it. Even if you have made macarons before and are looking to step it up with creative

Gourmet French Macarons definitely earned a place! This book is just packed full of fun and creative ideas (along with gorgeous photos of each one!). Not only do I feel inspired to try some beautiful (and delicious) French macarons, many of the creative ideas would work well for other "sweet" crafts such as decorated cookies. --LOVE LOVE LOVE This book! The pictures are amazing! They really get the creative juices flowing! lots of recipes for fillings, flavor combination suggestions, store bought and filling options. I never would have thought to stuff a pumpkin spice macaron with pumpkin pie filling!! Genius! OH and a CD with templates for piping all the neat shapes!!!! Well worth the price of admission whether you are a novice or more experienced baker! --
