**Candy Schermerhorn : Great American Beer Cookbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Great American Beer Cookbook:

2 of 2 people found the following review helpful. One of the best cookbooks ever. By dackerman This book contains some of the best tasting recipes I have ever made. I themed a party where everything from the appetizer to the dessert was made from beer and it was the best buffet feast I have ever made. Regardless if you like beer or not, this is just a tasty book and worth trying many of the recipes. 12 of 13 people found the following review helpful. Great beer cookbook! By A Customer This is an informative beer cookbook. The forward by Michael Jackson alone is a learning experience. Each recipe tells the style(s) of beer to use. There is a nice variety of recipes. The author obviously knows about beer and food and knows that experimentation is the name of the game. Never buy a beer cookbook with recipes that just call for "beer". This one calls out specific styles and that's the name of the game when cooking with beer.

From Brewers Publications comes a cookbook like no other! All recipes in this book use beer to enhance flavor potential, giving food an added culinary dimension. Candy Schermerhorn, columnist and TV personality, features mouth-watering recipes that are chic (Lobster and Brie Soup with weissbier), exotic (Apple and Ham Pie with curry sauce using India Pale ale), downhome (Potent Portered Beer Ribs), and sinful (Chocolate Stout Cake)--217 recipes in all!! Foreword by Michael Jackson.
