I purchased an early spiral-bound copy of this book (1991). It is my go-to book. I am often asked to make pies over and over. Wonderful recipes, some with multiple variations. 2 of 2 people found the following review helpful. yum! By Jackie C-SI. I have owned this book for several years and have never baked a bad pie yet. The recipes are easy and consistent and I am now making a pie about every three days for dessert. There are several variations on some of the recipes so you can try each until you find the one that suits you best. I am buying copies for my daughters and mother-in-law. Love it!

Some 365 year-round pie recipes are accompanied by tips and suggestions that promise sure-fire results for crusts, fruit pies, ice-cream pies, sugar-free pies, savory pies, and cream, custard, and chiffon pies.
