They're inexpensive, delicious, healthy and they give me an energy boost to start my day. The thing about smoothies though is that there's only so many recipes you can choose from. I sometimes end up just using the same ingredients for weeks. It can get a little boring. I am glad that I got the chance to download Karen's book. She has given me more than I thought I could get for my smoothies. I especially loved her Watermelon Smoothie, Honeydew Smoothie and Very Berry Smoothie!0 of 0 people found the following review helpful. Five StarsBy April SUpingerGood book!
