**Harriet Lembeck : Grossman's Cyclopedia: The Concise Guide To Wines, Beers, And Spirits** before purchasing it in order to gage whether or not it would be worth my time, and all praised Grossman's Cyclopedia: The Concise Guide To Wines, Beers, And Spirits:

2 of 2 people found the following review helpful. This book is a rip-off - no beer in itBy Philip SeldonThis book is supposed to be about beer but there isn't a word of beer in it. How could this author Harriet Lembeck rip off the public by publishing a book with beer in the title without writing anything about beer in it? This book is a total fraud on the beer loving public. DO NOT BUY THIS RIP OFF BOOK.On a futher note, Harriet Lembeck who is supposed to be a wine authority, failed the Master of Wine examination and gave up trying to pass it. Her wine school rival, Mary Mulligan, author of the rival Wine For Dummies passed the exam with flying colors.0 of 0 people found the following review helpful. Umm...Yes...You do.By Cazey123Great book! I was wondering why it was so cheap as it is the latest (same as the old with a new cover?) version of Grossmans Guide to Wines, Beers, and Spirits. After just having

received this item I realize that it is so affordable because it is paperback and also very ummm...compact (small). The book is about the height of my cell phone and maybe a couple inches wider. This book however is a GREAT value! You get all the information contained within the larger books for about 20% of the price. It is a meaty read, a thick book with about 640 pages! Dont hesitate to buy this! I got it in 2 days with prime!1 of 1 people found the following review helpful. A good book for a bartenderBy WindthinkerThis book gives great info on the basics of wine/beer/spirits and their service. Although not a recipe book(there are some classic cocktail recipes)this book gives the basic knowledge that a bartender or bar/resturant owner should know about beverage history and service.

Anyone who's ever worked in the food and beverage industry has consulted Grossman's Guide. We're pleased to introduce this completely revised and updated edition of the classic work in our popular Cyclopeda pocket-reference format. Packed with charts and illustrations, this fresh new look at the best-selling reference book provides recipes for 75 of the world's most requested cocktails, vintage information for French, Italian, German, and American wines, and background on the production of distilled spirits. It's the consummate international guide to fine beverages. Harriet Lembeck, food writer and editor, was a proteacutegacute; of the late Harold J. Grossman, who was a leading authority on alcoholic beverages.
