claireThis is one of the best local cookbooks from our islands. I am currently in Texas and miss my island, Maui a lot.
This book just brings home some of our island treats. My family was more then happy to be at the receiving end of this
treasure. Recipes are easy and true to taste. I plan on getting a few more in this group, and look forward to blowing
family away!!7 of 7 people found the following review helpful. Take Hawaii home to your kitchenBy VanillasageThis
book has a lot of great Hawaiian recipes. The price of the book is worth it if just for the recipe for Hawaiian Jello

Cheesecake. It is absolutely the best! I had this kind of cheesecake in Honolulu years ago at a bakery, and have never been able to duplicate it until now. The second time I made it I substituted whipped cream for the evaporated milk. It tasted even better! Yummmmm. My family absolutely loved it. 1 of 1 people found the following review helpful.
