Most interesting, detailed, sophisticated accountBy John BalestreryVery sophisticated account by the queen who interweaves much diplomatic contact with harsh reality making the entire account interesting. The harsh reality of usurpation by a minority is an outrage not just against government but with confiscation of native property providing income for the large native population for a small minority with armed forces. Interesting details such as support of Hawaiian sovereignty by U.S. presidents being overturned keeps the reader's attention rapt and constant.0 of 0 people found the following review helpful. Interesting history of the last monarch of HawaiiBy LeighThis is a lengthy history written by the last Queen of Hawaii and the transition of how it became a territory of the United States. Because it is written in the vernacular of the times and includes so much detail it is not always easy to follow. However the content and historical details written from her

experiences gave me a new perspective on a place that I love. I am sad to know that the US basically stole Hawaii from their people with much deception in the process. Worth reading to understand this time in Hawaii's history. 1 of 1 people found the following review helpful. The End Of An Era By Ricky Kimsey This book written by Hawaii's last ruler Queen Liliuokalani is about the end of the monarchy in Hawaii. You get a glimpse into her life and learn of the circumstances surrounding the annexation of Hawaii.

Hawaii's Story by Hawaii's Queen is a book written by Queen Liliuokalani, the last monarch of the Kingdom of Hawai'i. It was published in 1898, five years after the overthrow of the Kingdom. In it, Liliuokalani gives her account of her upbringing, her accession to the throne, the overthrow of her government by pro-American forces, her appeals to the United States to restore the Hawaiian monarchy, and her arrest and trial following an unsuccessful 1895 rebellion against the Republic of Hawai'i. Her appeals immediately after the Hawaiian Revolution were acted upon by her friend, President Grover Cleveland, who demanded her reinstatement from the President of Hawai'i, Sanford B. Dole, following a confidential investigation and report by James Henderson Blount submitted July 17, 1893. Dole refused Cleveland's demands. Cleveland then referred the matter to the United States Congress. The Congress investigated further and produced the Morgan Report on February 26, 1894 which concluded that the U.S. had no role in the Hawaiian Revolution. Following the Morgan Report, the Turpie Resolution of May 31, 1894 ended any hope for further assistance in regaining her throne, and her further appeals for help were rebuffed by the Cleveland administration. In 1898, the same year the book was originally published, Hawai'i was formally annexed by the United States of America. This book is seen by many in the Hawaiian sovereignty movement as a key source documenting the overthrow of the Hawaiian monarchy. Many of her assertions regarding the overthrow are contradicted by other primary sources, including the Morgan Report and the Native Hawaiians Study Commission Report of 1983. In either case, many people believe that the work is successful in conveying the frustration and sadness by the Queen and her supporters both for her loss of the throne, as well as the end of the independent nation of Hawai'i upon annexation to the United States.

From the Inside Flap Hawaii's Story by Hawaii's Queen is an account of those difficult years at the end of the nineteenth century when native Hawaiian historian David Malo's 1837 prophecy concerning "the small ones" being "gobbled up" came true for the Hawaiian Islands. When this book was first published in 1898, it was an international plea for justice. Just as Admiral Thomas had restored Hawaiian sovereignty in 1843 following an illegal action by Lord Paulet, Queen Liliuokalani prayed that the American nation would similarly reestablish the Hawaiian throne. Queen Liliuokalani died on November 11, 1917, her poignant plea for justice unanswered. Almost 100 years later, her people still wait. About the Author David W. Forbes is an internationally recognized historian and bibliographer specializing in aspects of the history of Hawai'i. He is also the author of the four-volume Hawaiian National Bibliography 1780-1900 (University of Hawai'i Press and Hordern House).
