It is chocked full of other natural living information, e.g. food combining. It challenges you to take natural food consumption and living to higher levels. I purchased a copy several years ago and had to now replace it. I love this book. It is a resource that you can use daily--morning, noon, night. Info you can share with family and friends, and fellow vegetarians. It is concise and timeless information. Yeah, that is it--the information is timeless, it is not dated information. I could go on and on.0 of 0 people found the following review helpful.
