I returned it.0 of 0 people found the following review helpful. Best Indian cookbookBy LboreikaThis is by far the most user friendly Indian cookbook I've ever found. Indian cooking is a hobby of mine and I have tried many. The recipes are clear and easy to make. One trip to an Indian grocery will set you up for a long time and will cost very little . I've also given this book as a gift! This is a wonderful book I can't get enough of the food in this book. Don't let the exotic spices worry you it's part of the fun.
