**From Better Homes Gardens Books : Heartland Baking from the Midwest's Best Cooks** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Heartland Baking from the Midwest's Best Cooks:

0 of 0 people found the following review helpful. Great Book By Donna! It's a nice book that reminds me of when I was growing up and recipes like my Mom and Grandma had, easy to follow, don't have to buy special things to make them, would recommend. 0 of 0 people found the following review helpful. Baking Favorite By Still Cooking My favorite book for easy baking. The hot cross buns are made monthly by family request. Good old-fashioned country kitchen aromas. 5 of 5 people found the following review helpful. I promise, you'll cook from this often.... By K. Webster I have several cookbooks that I don't use. I have several cookbooks with pictures that I don't use. I have several baking cookbooks that I don't use. I use this book. I received this cherished cookbook over a year and a half ago at that most beloved of events: my bridal shower. Scattered among all of the crockpots and spatulas was this beauty. I was

captivated by it's pictures and compelled to try it immediately. The result: seven tried and tested recipes that are now family favorites. So far, not a bad recipe in the bunch. My favorites are the Go Anywhere Rhubarb Squares and the Sour Cream Swirl Coffeecake. The Best Peach Pie can't be beat either. If you want to feel like a Midwestern cook (and you know these ladies have perfected the art of baking) then I would purchase this cookbook. The pictures alone are worth your time. There are over a hundred baking recipes in this book and I'm going to love trying every one of them. Good job Heartland Baking. I'm sold.
