Valid Cultural Enterprises [Published date: 1974]. Hard cover, 189 pp. 5th Edition, 1974. [Excerpt from front jacket flap] There is always room for a new book on the art of cooking Chinese food for the very same^reason that there is always room for a new symphony or painting. If the essential ingredient in Chinese cooking is the cook in the kitchen so the essential ingredient in a cookbook is the personality of the cook. Indeed, the recipes are seasoned with several years of experience in the instruction of numerous eager students in the art of cooking Chinese food. But the essential seasoning of this book is the author, whose bubbling and winsome personality runs through all of its pages and brings them to life." Dr. George E. Taylor (from this book's INTRODUCTION)
