**Yvette van Boven : Home Baked: More Than 150 Recipes for Sweet and Savory Goodies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Home Baked: More Than 150 Recipes for Sweet and Savory Goodies:

25 of 28 people found the following review helpful. Buy this NOWBy I.K.This baked good version was consistent with the fabulous, information packed, and beautifully illustrated/photographed cookbooks of her past. I'm not a baker. I'm rather bad at it, actually -- but since I've NEVER EVER made anything from one of van Boven's that was less than spectacular, I thought I would give this one a try. She didn't disappoint -- she does an amazing job of explaining baking science and ingredients in a simple straightforward way that I've been unable to find (and believe me, I've searched). For cooks who loosely follow recipes only to develop delicious meals, but find themselves consistently wondering what went wrong with the dummy proof baking recipes friends have given them -- this is the book for you.

Yvette will explain what needs to be precisely measured (and, most importantly, why) and also make suggestions for how you could modify the recipe. Also, for those savory lovers, don't worry -- there's enough in here for you folk. If you're still not convinced, but you've ever wondered why you can't sub milk for buttermilk, get this book just for that tidbit of info. Really, my only complaint about this book is that there is less story telling and personal flourishing that are so lovely and rampant in van Boven's previous cookbooks. It's still beautiful, but I always liked the lengthier stories of her books. 5 of 5 people found the following review helpful. The Best Book For Baking By Anne The very best book for delightful baked goods and desserts! Every page of this book is a treat! Excellent photos on every page to accompany the amazing recipes written with standard and metric measurements. Highly recommend!!! 4 of 4 people found the following review helpful. Great pictures and layout. By Courtney Really enjoyed this book. Got it for my boyfriend but definitely going to be baking together with all the great pictures to make me want to try out all the recipes. The layout of the book with the instructions and pictures of the recipes is helpful and makes the book even more unique. Great as a gift or for yourself.

Food stylist and cook Yvette van Boven has offered delicious seasonal recipes in Home Made, Home Made Summer, and Home Made Winter that highlight the fresh produce available throughout the year. In her much-anticipated follow-up, Home Baked, she celebrates the art of baking. Complete with her signature illustrations and scenic photographs of Ireland and Paris, Home Baked is a beautiful collection of van Boven's favorite baked goods: warm bread from the oven, sweet banana bread, a gooey cinnamon and caramel pull-apart loaf, rich chocolate cake, shortbread cookies, and more. And alongside these beautiful images of delicious treats, van Boven provides step-by-step instructions for how to make them in your own home. And she leaves no one out: working with different types of flours (including gluten-free) so there is something for everyone to bake. Her inviting voice, easy-to-follow recipes, and beautiful photographs make Home Baked a staple for every kitchen and lovely enough to show off in other rooms as well.

This book is full of everything I love - cookies, pies, bread, humor, watercolor illustrations, and gorgeous photography! It's all combined in the most artful, approachable way with clever styling tips. Yvette and Oof have done it again! This book will be my baking go-to.
