Lots of info can be shared. 0 of 1 people found the following review helpful. Accidentally ordered By P. Abbes In all fairness I ordered these by accident! I thought I was ordering the journal and instead I ordered the labels. I would not have chosen these simply because I would have preferred to make my own on my computer. Like different styling. 0 of 0 people found the following review helpful. An online app to feed these into your printer would ... By Sheila Teimourian An online app to feed these into your printer would be a plus. Otherwise there are beer label sites on the web that will work with standard peel-and-stick labels.

Beer lovers will toast the arrival of these perfectly sized home brewer's labels. The 160 stickers (enough to cover 40 bottles) include space for the name, beer type, and date brewed for an easily customizable look that allows for optimal

organization. With innovative designs reflecting the quality of home-crafted beers and ciders, these labels are an essential finishing touch to any batch of tasty brews.
