**Carol Tennant : Home-Made Muffins** before purchasing it in order to gage whether or not it would be worth my time, and all praised Home-Made Muffins:

Welcome to this collection of muffin recipes ranging from celebrated classics to some new and unusual twists on old themes. From the definitive blueberry original to a savory goat's cheese delight, there is a recipe here to suit all tastes. Accompanied by vintage photographs, and fact boxes full of muffin trivia, this is an essential book for anyone who has a weakness for that "fresh out of the oven" taste sensation we all remember from our childhood.
