The recipe pages are laid out nicely and broken into methodical categories to keep your brewing tips and steps orderly. This notebook has helped motivate him to get more into the brewing world because now he has his own Brewing Notebook to keep track of all of his ideas. It's a really great buy.2 of 2 people found the following review helpful. Purchased as a Gift for a Home BrewerBy Jennifer M. CarrollThe recipient of this gift had been using an eletronic ap to store his recipes and tasting notes, but found it hard to access and could not print off his information in hard copy. This notebook provided him with prompts and plenty of open space to catalog his notes, recipes, and so much more information.0 of 0 people found the following review helpful. My home-brewer loves it!By CarolynMy husband is a serious home brewer and

has been for years. I gave this to him as a Christmas gift and he has loved it! Will be buying another copy once he fills this one up.
