tried, turned out yummy and didn't sink in the middle. Recipes on my kindle are easy to read, in it's cover it stands up perfectly and is just a little larger than your standard recipe box. This book could stand a searchable recipe index, or at the least a Table of Contents. Even so, this book has the recipes for breads I grew up with back east, but haven't found on the west coast.0 of 0 people found the following review helpful. Get ready to bake breadBy Paul J. LambisA great book with so many bread recipes at your finger tips. Can be used with one or one and a half pound bread machines as well1 of 1 people found the following review helpful.
