Easy RecipesBy JKWI like this book of Homemade Bread Recipes because most of the ingredients are what you would normally have on hand/or easily purchase at your local grocery store. The recipe I really like are the Cheddar and Rosemary Biscuits as they come very close to the biscuits you get at the Red Lobster Restaurant. The bread I like to make out of this book is the white and whole wheat bread and they too are very easy to make. Over all this a recipe book that I will use over and over again.3 of 3 people found the following review helpful. Great Bread BookBy Shari KlinkerfussI found the recipes very easy to follow and I love the fact that it doesn't have to rise on and off all day. Mix it let it rise once put in pan and allow to rise once more and bake. My kind of bread to make and lots of variety.1 of 1 people found the following review helpful. Not worth it.By Maggie MishlerI should have paid more attention to the notes. This is NOT a recipe BOOK. This is closer to a pamphlet. There are only 13 very basic recipes in this. Not worth the money.
