By Grant Burningham
The authors have packed a lot into a perfect pocket-sized package. Slip it in your backpack or your panniers and take off around Portland to take in the city and some of the best neighborhood brews in the country.

Got this for my friends that live in Salem. They said it's a great 'lil reference guide filled with places they had never heard of.

The best gift ever for our cycle and beer loving friend! Spring can't get here soon enough (better weather)! I am sure we will join him!

Bicycling and craft brew—it doesn't get more Portland. For the first time, a guide marries these two worlds by linking the best beer spots with routes that explore the city's first-class cycling boulevards, bike-friendly streets and quirky bike charm. This carefully curated guide separates the status-quo ale trail from the cutting edge brew destinations that make Portland so world-renowned.

Guidebooks Go Niche
“Lovers of the printed page will be cheered to know that the profusion of smartphone apps and wireless hot spots isn't nudging all travel guidebooks into extinction. The category is simply adapting, welcoming more titles with quirky angles...
Portland, Ore.-based writers Ellee Thalheimer and Lucy Burningham (an Off Duty contributor) combined their respective passions for bicycles and beer to create this slim volume. It includes 10 cycling routes around the Portland area, charting top breweries, bottle shops and beer-centric bars and restaurants to visit on the way. Alongside plenty of practical information for cyclists, including bike-parking locations and detailed route maps, the authors have interspersed tidbits of Portland culture tailored to fans of fixed-gear bicycles and good IPA—such as when the city's best beer festivals take place or where you can join in on a Sunday afternoon game of bike polo (it's a Portland thing).”
Sunset Magazine | Heather Hansman | November 12, 2012
It doesn't get more Portland than bikes and craft beer—except, perhaps, putting a bird on it—so it was only a matter of time before someone combined the two.
Portland Monthly | Meaghan Morawski | November 15, 2012
“Hop in the Saddle: A Guide to Portland's Craft Beer Scene, by Bike is a little red book coauthored by brew-loving bike riders Lucy Burningham, Ellee Thalheimer, and Laura Cary, that helps the thirsty cyclist map out her next pilsner pit stop with a thoroughly researched, but easy to use, compendium of bike routes, breweries, and bottle shops...
There is a lot of entertainment value and information in this little book of bike and brew if you take the time to soak it up.”

Your Unofficial Guide to Portland, Oregon's Many Brewpubs and Breweries
“.. the book leads cyclists with a pedal-powered thirst from brewery to brewery, to those big and famous and those small and secret. Skeptics may ask if beer and bicycles have anything at all to do with one another. In Portland, they sure do.”
AOL Travel | Jenie Skoy | April 28, 2014
“...if you're in the mood for a beer, pick up Hop in the Saddle, which outlines routes to bike to the 52 breweries in PDX.”
Willamette Week Bike Guide | Rebecca Jacobson | May 28, 2014
It's...offbeat characters and experiences that define long-haul bike touring, and they're what turned Thalheimer into an evangelist for two-wheeled travel. Since that 2002 trip with her dad, the 35-year-old Arkansas native has toured in Cuba, Argentina and Italy. She's also managed to turn touring into a career: She wrote Lonely Planet's guide to cycling in Italy, has led several women-only tours across the country and her Cycling Sojourner books offer guides to multiday bike tours in Oregon and Washington.”
