1 of 1 people found the following review helpful. Recommended By W. Collins Really great help in culinary school for ideas and suggestions. I like the blending of ingredients. Def a few must makes in here! 2 of 2 people found the following review helpful. A well-rounded, DELICIOUS collection of Thai/Asian recipes! By A Customer Wonderful recipes which can be made hotter or milder according to your tastes. I'm using this book as part of a Thai cooking basket which I have prepared for wedding gifts for friends. You'll find a perfect sampling of delicious soups and entrees, among other things. Standards like Pad Thai are covered, but you'll be impressed with the other dishes, which, with a base of 8-10 ingredients such as garlic, jalapenos, fish sauce and chili paste (all which can be found in most

comprehensive grocery stores), can be easily whipped up in a wok or just a plain large pan on top of your stove. Healthy and hot as you like, plunge right into Asian cooking with the help of this well-thought-out collection of recipes

This collection of recipes uncovers the spiciest dishes that Southeast Asia has to offer. Dave DeWitt hosts Chili Pepper Kitchen, a popular PBS cooking show.
