It listed 2 commercialized hot springs near Denver, CO. and 2 more hot springs near Steamboat Springs area.I'm using this again next week in Phoenix, AZ area.Pros:-It lists hot springs location, address, telephone, homepage links, direction, for Southwest states with BW photos with some maps.Cons:-It does not list 2 hot springs I frequent in Lake Elsinor area.-The homepage link listed on the book for updated hot springs information did not work.0 of 0 people found the following review helpful.
